

# ST. GEORGE MARATHON RACE RESULTS

2014

[//www.stgeorgemarathon.com](http://www.stgeorgemarathon.com)

# THANKS *for joining us!*

Photo by Spencer Sullivan, Vive Studio, Inc.

Congratulations and thank you for your participation in the 2014 St. George Marathon. Your support of our event and our community means a great deal to us, and we hope that we will have the opportunity to have you join us again in 2015.

For the first time in the 38 year history of the marathon, both male and female overall winners are residents of St. George. Aaron Metler, with a time of 2:19:06, and Amber Green, 2:43:28, are now two time winners of the race. Aaron competed this year against an unprecedented four previous winners.

Iain Hunter from Provo, Utah and Cathrine Wolden from Pound Ridge, New York continued their winning ways by topping the Masters field of runners.

Aaron, Amber, Cathrine, and Iain led our delegation to Ibigawa, Japan in November.

Four age group records were set this year including the wheelchair mark set in 2008. Kacey McCallister, from Monmouth, Oregon, with his time of 1:16:52 broke the record by nearly 30 minutes. Martin Rindahl from Fresno, California set a new standard by five and one half minutes in the Mens 50-54 division at 2:34:25. Jeannie Rice from Concord, Ohio ran a 3:21:47 to set the record in the Womens 65-69 division, eclipsing the old record by eight minutes. G. Brent Wynn from Bountiful, Utah produced a spectacular run as he smashed the record set in 2007 in the Mens 75-79 division; his time of 3:16:04 eclipsed the old record by over 27 minutes.

We added 133 runners to the 10 Year Club this year, 18 runners to our 20 Year Club, and 3 runners to the 30 Year Club. Debbie Zockoll continued her consecutive streak which is now at 38 years. There are now 1,378 runners who have been inducted into this prestigious and committed club. We are forever grateful to you wonderful, committed runners who have made St. George a big part of your lives.

We aren't perfect yet, but we aim to be and hope that each year we are better than the year before, and provide each of you with a high value, quality experience. Thank you again for choosing to run the St. George Marathon.

Please join us again for our 39th annual event on October 3, 2015. Best wishes for a great running year from our staff and volunteers.

Kent Perkins  
Marathon Director

## OVERALL MALE AARON METLER

For Michigan native and Utah transplant, Aaron Metler, this is his second title as Overall Male at the St. George Marathon. Although a long time runner and founder of the University of Michigan running club, he says he never had a desire to try his hand at the marathon distance until taking a position with the City of St. George Recreation Department in 2008. "It was the community's passion for this race that motivated me. To see how this city is invested in a great marathon, and their pride in making it the best, you feel left out if you're not a part of it."

With one foot in marathon administration, as well as in the running community, he says the first Saturday in October is a pinnacle for the staff as much as the runners. "Within the department everyone goes about their own duties all year, but during the marathon we're one team. Everyone comes together. Within the running community, it's the same feeling. All the training is built around this race. All the hard work comes to a head. There is just a relentless love for this marathon throughout."

For Metler, the hard work on both fronts brought equally satisfying results. As a runner, he reached a PR with his time of 2:19:06, and his name at the top of leaderboard as a hometown hero. As an organizer, he won the day with great weather, nearly 6,000 runners who finished the race, and a city of volunteers and spectators who have made this marathon the biggest event in town for the past 37 years. "As far as I'm concerned, from the time I start training until race day, it's the greatest time of the year."

## OVERALL FEMALE AMBER GREEN

St. George's local speedster, Amber Green was the first woman across the finish line again this year following her 2nd place overall placing last year and her overall title in 2012. Remarkable since up until two weeks prior to the race she had eliminated the prospect of running the St. George Marathon due to her training schedule to qualify for the Olympic trials in February.

"I signed up in April with every intention of running because this is my hometown, my favorite course, my favorite race, my favorite everything," Green said. However, after the demands of training for a marathon she ran in June, she said her body and spirits were burned out. "I took a month off to get that desire back and both my coach and myself decided that St. George just was out."

But, as the first weekend in October grew closer the local enthusiasm building around the race got to her. "I decided to just run half of it with my dad and then drop out, but then I just couldn't stand it and I decided I'm going to do it. I couldn't stop smiling," she explained.

As it turned out going into the race without her typical regimen of training was an unexpected blessing. "I usually go into a race with some small injury but that wasn't the case. I went into it a lot more open minded and wasn't necessarily stressed since I wasn't really sure what to expect."

She is now looking to Houston in January where she will attempt to qualify for the Olympic trials. "I'm just excited about the idea of getting a chance to race with those amazing women who will represent the US in the Olympics. It's great company."

## MASTERS MALE IAIN HUNTER

This marks the third consecutive year that Iain Hunter has crossed the finish line as the Masters Male champion at the St. George Marathon, which he can add to his trophy case next to his 2009 Overall Male title. For a runner with such impressive marathon results, he reserves his prowess solely for the St. George Marathon. "I limit my racing for a reason. I want to enjoy it for a long time and so I only do a couple races of varying lengths using one race to help me prepare for another."

As a Professor of Exercise Science at BYU, Hunter naturally takes the science of running quite literally. "I did plenty of races when I was on the team [BYU track], but now I find if I do too much I lose my enthusiasm for running. I want to go into it refreshed and excited."

He also brought some of his former track members for camaraderie on the course this year. As it turned out, they made for competitive company with the foursome coming in 3rd through 6th place overall. "It's just a great race every year and that's a huge draw for me and those I run with."

His consecutive wins have also garnered him consecutive trips to Ibigawa, Japan, as part of the winner's delegation to St. George's sister marathon. This has sparked a unique family dynamic as he has been able to treat various family members to travel abroad as his companion. He admits it might create some cheerleaders with ulterior motives. "When we had our family reunion there was some questioning of whose turn it would be." If Iain Hunter keeps up his winning streak, he might be able to accommodate the whole family tree.

## MASTERS FEMALE CATHRINE WOLDEN

Cathrine Wolden is a repeat winner having taken the Masters Female title in 2013 as well. Although she finished off the mark of last year's PR, she held on for a finishing time of 2:56:05 despite a steady combination of set-backs during the race. "A small part of me wanted to drop out and just bag it, but I kept battling. My time was significantly different than my first time down the course but you give what you have on race day," said Wolden.

The Norwegian native and New York resident is a relative new comer to competitive racing but has already amassed a veteran record. She admits with such immediate success she has set the bar high in terms of expectations on race day, and yet there is something to be learned from the trials as much as the trophies. "I feel very fortunate to have had one great race after another but I'm humbled by those races where everything doesn't go exactly as planned."

One thing that remained a constant for Wolden from last year was her love of the St. George Marathon course. "It's just stunning. Part of last year's winnings includes an opportunity to come back, and this is just an absolutely beautiful course that makes this a complete package. "

Another perk to her repeat titles are back-to-back trips to Japan to compete as part of the runner's delegation. "It was a really positive experience and it was running simply for the experience of doing it in another country." This year she is looking forward to traveling with her husband who was unable to go last year. "I'm excited to experience it with him as he goes for the first time. It makes it a completely different experience."

## HANDCYCLE MALE JERRY YOUNG

Jerry Young had a race to remember in 2014. He came away with a repeat of his 2013 win and a PR for the St. George Marathon course. Crossing the finish line in 58:10, he beat his previous best (2012) by .02, and as he's learned, every second or fraction of a second counts. "The conditions were great. There was a nice tailwind and ideal weather. I love the St. George Marathon. It's a fun party for the family to come down to."

The Providence, Utah, resident is a proven racer in the US Para-cycling Circuit which requires athleticism in varying lengths, time trials, road races and criterium (short circuit course). It also pits him against Olympic caliber handcyclers who are as physically aggressive as their abled-bodied counterparts – as evidence by the barrel roll Young took early in the season after being knocked out of a criterium pack. This year he started the season strong placing in the top three in competitions, but was unable to accomplish everything he wanted due to "a dip in training and events" as he helped a family member recover from an accident. "The 2015 season starts in March and my plan is to go for Nationals," said Young of his plan for the coming year.

Whether he is facing a full schedule of races at a circuit event or the volcanic slopes of the St. George Marathon course, Young attacks each race with the same determination. "Each time you give it your all. The marathon is a little bit longer than a typical time trial, but I treat it the same. Regardless, I try coming across the finish line on empty."

## WHEELCHAIR MALE KACEY Z. McCALLISTER

With his first time on the course, Kacey McCallister, blew past his previous PR and impressively set a new St. George Marathon course record with a blistering 1:16:52. To put into perspective the effort required to cross the line with that time, McCallister reached a top speed of 48.6 mph coming out of Snow Canyon. "Every one had told me about the views on the course, but as I was coming down the canyon I wasn't thing about the scenery," he said about the precision racing that is required to navigate turns, steep grades, and road markers. "You wreck at those speeds and you're hamburger."

Training for the St. George course on the rolling hills of his home state of Oregon, McCallister had reached speeds in the low 40s but said this race was "far beyond anything I've ever touched before". His record-breaking success comes on the heels of a year of hard racing after a long absence from the sport. He had raced in high school and at the University of Arizona, but had not given it much thought after serving an LDS mission and settling into the demands of work and family. About a year ago he decided it was time to "pick it back up and get active again". Since that time he has raced six marathons including Boston. He is now setting his sites on the Paralympics and entering a new tier of competition.

The fact that he found the St. George Marathon came as a result of researching races that didn't require Sunday competition and then the selling point was the 2560 foot drop in elevation over the course. "I really loved it and to pound down a marathon in 1:16 is pretty amazing," he said. "It had everything I wanted in a marathon."
