THANKS for joining us!

Photo by Richard Isom, Vive Studio, Inc.

Dear Participants, Volunteers, Sponsors, and Friends:

We want to thank you for your participation in the 42nd annual St. George Marathon and for allowing us to help you as you set out to accomplish your 2018 race goals. We wish we could take credit for the cooler weather which many of you thought helped you with faster times.

This year's winners are Jonathan B. Kotter from Holladay, Utah at 2:16:17 and Sylvia Bedford from South Jordan, UT at 2:38:05. Our Masters winners are Melchor Suaste from West Valley City, Utah at 2:31:29 and Jane Durfey from Highland, Utah at 2:49:27.

We had 5 new records set this year:

- Grayson N. Wolfe from Herriman, UT at 3:13:33 for Men's 14 & Under;
- Carolyn I. Allen from Lehi, UT at 3:1:44 for Women's 15-18;
- Sylvia Bedford from South Jordan, UT at 2:38:05 for Women's 25-29;
- Bill Cobler from Holladay, UT at 2:44:41 for Men's 55-59; and
- Michael R. Shepherd from Pleasant Grove, UT at 2:52:06 for Men's Weight Under 40.

Seventy-two (72) family members were inducted into our Ten Year Club this year making the club more than 1,516 members strong! We also inducted twenty-four (24) members into our 20-Year Club and nine (9) members into our 30-Year Club this year.

We would like to thank our community partners, sponsors and our dedicated staff for all the support and hard work they put in to making the St. George Marathon one of the best marathons in the nation. This means a lot to our community to be able to hold an event of this magnitude and showcase the natural beauty St. George and its surrounding areas has to offer its residents and visitors.

We hope to see you in 2019 as we celebrate 43 years of running and experiences that last a lifetime.

Sincerely,

A handwritten signature in black ink that reads "Shane McAfee".

OVERALL MALE JONATHAN KOTTER

The first time Jonathan Kotter ran the St. George Marathon he was twelve years old. "My dad has been a long time participant in the St. George Marathon and I remember watching him run when I was younger and wanting to race as well. When I turned 12, we decided to give it a shot and my dad, two of my sisters, and I ran. It was a very tough race, but it definitely gave me the marathoning bug." He ran his second St. George Marathon when he was 18 then took a break so he could compete at Brigham Young University. He returned to the St. George Marathon in 2011 and has completed the race in the top ten each year. This year he was honored on October 6th as he was inducted into the Ten Year Club.

When asked what keeps bringing him back to St. George, Kotter said, "The course, the support, and the memories. The course is among the most scenic in Utah and has just the right amount of elevation drop at all of the right places. The race organizers consistently run a uniquely well organized, runner centric, and fun race, and the spectators along the course are great—I look forward to a Veyo cowbell or two every year." He was particularly delighted with this year's race. "I was able to run a personal best competing against some of the best in the state, who are also good friends. Couldn't have been more enjoyable. For me, St. George has long been a family affair when we get together to support whoever is running and then spend the rest of the weekend watching General Conference and enjoying the warm weather."

Kotter is a "proud Utah native" and currently lives in Holladay working as a lawyer in Commercial Finance.

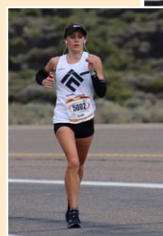

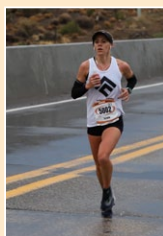

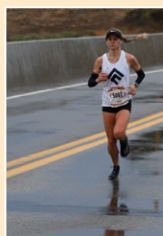

Photo Series by Vive Studio, Inc.

OVERALL FEMALE SYLVIA BEDFORD

Even though she was raised in a running family, Sylvia Bedford didn't find her love for racing until high school, where her father was the Track and Cross Country coach. "The more I ran, the more I learned to love the feeling of pushing myself, testing my limits, and seeing what I am capable of." She continued to race while at Southern Utah University. "With such a great experience through high school and college, I learned that regardless of how competitive I am, running is a lifestyle for me. It is something that makes me happy, and I love doing it!" Bedford now lives in South Jordan with her family and works as a mom for her three-year-old daughter and as a Personal Trainer at Lifetime Fitness.

This was Bedford's eighth marathon and her fifth time running the St. George Marathon. This year was her first win with a time of 2:38:05. "My times have steadily improved each time I've raced St. George and there are probably a few contributors to that. First, this course requires a little bit of strategy because it has so much elevation change. It is hard to hold an even pace the whole way through. I learned how to pace myself in the beginning so that I can be strong in the second half of the race. Second, the more experience I get, the more I have been able to improve my training."

"My advice to first time racers of the St. George Marathon would be to simply take it all in, and experience it! Experience the energy, the atmosphere, huddling by the fires trying to stay warm at the start, the adrenaline that hits once you cross the start line, the crowds cheering, the scenery, the support, the highs and lows, and most importantly that incredible feeling of accomplishment as you cross the finish line."

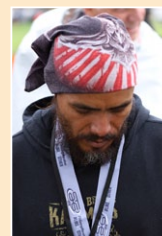

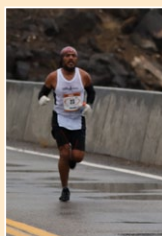

Photo Series by Vive Studio, Inc.

MASTERS MALE MELCHOR SUASTE

Melchor Suaste came to the United States from Mexico when he was 17 years old. He has since settled with his wife and five children in West Valley City, UT and owns a landscaping business. After being diagnosed with cancer at age 37, Suaste knew something had to change. Along with some other lifestyle changes, he added running into his life. He has been running for three years now and this was his second time at the St. George Marathon.

This year he won First Place Master with a 2:31:29 time, an impressive jump from his 34th place win last year with a 2:40:56 time. "One of the things that has helped me the most is running with others and having support and encouragement from them, even when I didn't think it was possible for me to run a marathon. I came back this year because my goal is to get faster each year and I trained hard to make that happen. I will definitely be back next year because I know I can be even faster!"

After winning the race, he was headed home, ready to take an ice bath, when he found out that he had won the trip to Ibigawa Japan with the student delegation. He said his wife was shocked! "She told me all year long that I better win a trip to Japan to make all my training and time out of the house worth it! We are very excited and grateful to be able to travel there and experience Japan!"

Suaste wasn't always a runner but has come a long way in only three years. "I would like to say that whoever you are, wherever you're from, whatever your challenges are, anything is possible!! I was overweight, I used to drink a lot, I was not in a good state of mind and I have overcome it all!"

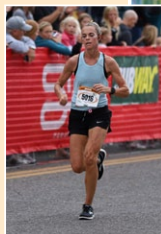

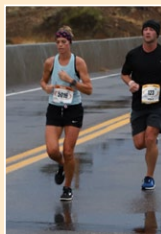

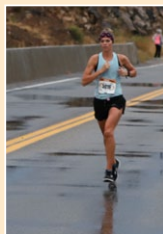

Photo Series by Vive Studio, Inc.

MASTERS FEMALE JANE DURFEY

Jane Durfey is a wife and mother of five, three girls and 2 boys, from Highland, Utah. She grew up in Park City and attended college at Utah State. In college she ran track but focused on running hurdles, not long distance. "In college I would get so nervous I would throw up blood before the race. So for long distance running I had to train myself to relax and enjoy." She didn't start running long distance until after her third baby and she wanted to get back in shape. Being older gave her a "new perspective on things" and helped her not take running as seriously and develop a healthier attitude toward it. She has since run the Boston, Salt Lake, and St. George marathons.

Durfey was introduced to the St. George Marathon by her step father who ran it 25 times. In 2006, a group of friends asked if she wanted to train with them. Durfey has run the St. George Marathon almost every year since then. Each year she trains and races with her group of friends. "I love them like sisters. We are very close. All moms and doing our best to raise families and be good people, along with reaching our goal times. We are all different paces but we train together and do the same workouts at different paces. We go down just us girls for the race, and usually have to rush back for our families."

This year, Durfey's achieved her goal time with 2:49:27, also winning First Place Master, her first win at St. George. On top of these achievements, her husband came to surprise her at the finish line. "I didn't know he was coming and I had been working hard in training so I was a little nervous, and he knew it. I saw him at the end and started crying like a baby. Marathons always bring out emotions you didn't know you had."

Photo Series by Vive Studio, Inc.

HANDCYCLE MALE CHRISTOPHER SPROULE

Chris Sproule is the Chief Metropolitan Medical Response System Coordinator for Las Vegas Fire and Rescue. A lifetime athlete, Sproule played NCAA soccer at San Diego State. After his accident, he started handcycling in 2013 and has since done 19 marathons in California, Utah, Nevada, and Florida. This year he raced in the Los Angeles Marathon, the St. George Marathon, and the Long Beach International Marathon. Sproule plans to race internationally in 2019 in order to prepare for the 2020 Paralympics in Tokyo.

Having competed in the St. George Marathon 5 times, this year was Sproule's third win in a row. This year he improved his time by 28 seconds, from 1:00:36 in 2017 to 1:00:08 this year. "I always feel good when I am able to see improvement in my performance. Constant improvement is what I strive for. I was very pleased with my time this year considering it rained, hailed, and that there wasn't the typical strong St. George Marathon tailwind like there is most years."

Sproule said that this year's course conditions were particularly challenging. "With a top speed of 57mph, in the hail, in the pitch black, 2" off the ground, 1" behind the handcycle in front of me, with police lights flashing, and basically no brakes because they were wet...it was the most challenging conditions I've raced in. I'm fortunate to be able to race against other competitors who are also very experienced and know how to make it down the hill safely."

Despite this year's challenging conditions, Sproule said, "The St. George Marathon is the most well organized and best supported race that I have ever raced in. The race organizers, volunteers, and the City of St. George does an exceptional job making sure we have an incredible experience and it shows year after year after year. I would like to thank the entire community for welcoming us into your neighborhoods and making us feel so at home."

Photo Series by Vive Studio, Inc.

WHEELCHAIR MALE ZACHARY BASTIAN

Zachary Bastian is a 32-year-old Occupational Therapy student from a small coastal town in Rhode Island. He became paralyzed in 2003 and, in search of an identity, went back to surfing, his childhood sport. "I was desperate to find an identity so I wasn't just that guy in the wheelchair."

In 2010 he met up with his friend, a film producer with Windy Films, and pitched his idea for a feature-length documentary called "Endless Abilities." This film has been shown in hospitals and other venues across the country. The film begins with Bastian's story and then ties in with people that inspired him to make a change in his life. "That film has reached so many people and it will never reach enough people." Their goal with the film is "to change the way people view disability" and they encourage everyone to watch it free from their website.

Racing was originally something Bastian avoided, despite being very athletic. "I was a surfer and a big skier. I had no interest in any kind of sports on wheels. For me, being active in athletics was kind of my outlet—that was my time not in a chair." In 2015, he was coming out of a long-term relationship. "I got down on the ground and started doing pushups until I couldn't do anymore. Then I went outside and pushed until my arms were noodles. That felt so good that I kept doing it for a month straight." The game changer was when the hospital lent him a twenty-year-old race chair. He ran his first race in Rhode Island a month later and decided to set a goal to run in the Boston Marathon. "If doing the Boston Marathon doesn't get you hooked on a sport, I don't know what will." He has been doing the Boston Marathon for the past three years but because of bad weather conditions he didn't qualify for 2018, which is what brought him to St. George.

Prior to coming to St. George, Bastian spilled some coffee in his lap, giving him severe 3rd degree burns on his thighs. "I didn't have any expectations of winning the race. My goal was to qualify for Boston." But when he realized that he had an advantage on the hills and that he "had a lot more fuel in his tank," not to mention the cash reward at the end, he pushed forward to pull first place with a time of 1:43:36. "Don't ever let anything—yourself or anyone else—come up with excuses for you. Push your limits. Go for it, no matter what challenges come between you and your goal."
